FOR APPROVAL OF NORTHERN SUNRISE
WATER COMPANY'S TARIFF
ADDRESSING MAIN EXTENSION
CHARGES FOR PROPERTY OWNERS
WITH FAILED WELLS LOCATED WITHIN
THE COMPANY'S EXTENSION AREA
GRANTED IN DECISION NO. 70955

DOCKET NO.: W-20453A-09-0300

NOTICE OF FILING

Northern Sunrise Water Company ("Northern Sunrise" or "Company") hereby files this Notice of Filing in the above-referenced docket. Attached hereto as **Exhibit 1** is Northern Sunrise's amended proposed main extension tariff ("New Tariff"), which was originally filed on June 5, 2009. Furthermore, the Company hereby waives any applicable time clock rules.

Northern Sunrise respectfully requests that the Commission approve the New Tariff in a timely manner.

RESPECTFULLY SUBMITTED this 23rd day of June, 2009.

Exhibit 1

		Revised	SHEET NO.	
Northern Sunrise Water Company	WATER SERVICE TARIFF SCHEDULE	Revised	SHEET NO	
Decision No.				

MAIN EXTENSION TARIFF – LANDOWNERS WITH FAILED WELLS

This main extension tariff applies only to those landowners located within the service extension area granted to Northern Sunrise Water Company ("Northern Sunrise" or "Company") in Decision No. 70955 (April 7, 2009). A map depicting the extension area is attached hereto. Any landowner within the extension area who experiences the loss of a water well, for any reason, and who is not currently a customer of Northern Sunrise, shall be able to connect to the Company's water distribution system without paying any applicable water Off-Site Hook-Up Fee at the time of the interconnection. Such waiver does not apply to service line and meter installation charges. However, in the event that Northern Sunrise is required to construct a new water main, or extend an existing water main, in order to extend water service to any such landowner who qualifies under this Tariff, then the Company is authorized to charge that landowner for the construction of a new or extended water main. Attached hereto is an Opinion of Probable Construction Costs ("OPCC") to construct a water main from the furthest point in the extension area to the Company's existing facilities. As a result of the OPCC, the **per linear-foot** cost of extending a water main is approximately **\$67.76**.

In the event that a landowner who qualifies under this tariff seeks to become a water customer of Northern Sunrise, but requires the construction of a water main in order to receive service, the Company is hereby authorized to enter in a main extension agreement requiring said landowner to advance the actual costs of construction, or **\$67.76** per linear foot, whichever is less.

The Company may revise the OPCC estimates from time to time as conditions change concerning the location of existing facilities and/or the cost of materials. Any change to this Tariff requires the formal approval of the Commission. On July 1st of each year, the Company will submit a revised OPCC estimate, if needed, for Commission approval.
